

S80 & S120 CAMERA SYSTEMS

- ToughDISPLAY™ monitor system
- 80 or 120 metre coiler ('Cobra')
- Midi and Maxi camera heads
- Seal starter pack
- Interconnecting cables and power leads

Used daily by professionals and hire companies, our CCTV pipe survey systems, are rugged and reliable.

The modern flat screen display monitor uses custom enhanced filtering and backlighting for use in daylight. Two options of push-rod are available; the S80 has 7.4mm diameter push rod with a suitable bend radius for 6 to 8 inch diameter pipes. The S120 system has 120 metres of 9mm diameter push rod, suitable for 8 to 24 inch pipe sizes.

Both systems are supplied as standard with our Midi 35mm (inch and a half) diameter camera head and our Maxi 48mm (two inch) camera head. The latter has a self-levelling image feature, correcting the image orientation inside the pipe, for easy recognition of pipe internals.

S80 (7.4mm diameter rod version)	Recommended 4-8 inch diameter pipes
S120 (9mm diameter rod version)	Recommended 6-24 inch diameter pipes
Compatible camera heads	Mini, Midi, Maxi
Optional accessory	Accredited Camera Launch Head
System weight (approx)	20kg (80 metre), 22kg (120 metre)
